

DECCO RESTROOMS

Mobile Modular designed and delivered permanent modular men's and women's restrooms to the Cayman Islands.

THE CHALLENGE

Mobile Modular was hired to design, manufacture, and deliver (2) 12'x32' restroom trailers to Port Everglades to be shipped to a beach club in the Cayman Islands.

THE SOLUTION

The customer handled shipping freight and installation at the beach club. The men's restroom building comes with 6 toilets, 6 urinals, and 5 sinks. The women's restrooms have 8 toilets and 8 sinks. Each building also has a private ADA restroom with a small janitor's closet. The buildings were finished with a shared wooden deck and site-installed outdoor showers. In the past Mobile Modular had provided the same customer with new and used office buildings.

Customer Name: Decco Restrooms
Project Location: Cayman Islands
Building Type(s): Modular Restrooms
Module Count: 2
Total Sq. Ft: 384 sq. ft.
