

POLICE RANGE TRAINING CENTER

Mobile Modular provided a city police department with a cost-effective permanent office in only 4 weeks.

THE CHALLENGE

The Police Range Training Center, located in Hammond, Indiana, had surpassed the capacity of its previous infrastructure. Initial proposals for a traditionally constructed edifice were abruptly discontinued due to the unexpectedly high cost. Consequently, the organization began to explore the option of a permanent modular office building.

Customer Name: Police Range Training Center

Project Location: Hammond, IN

Building Type(s): Modular Office

Module Count: 3

Total Sq. Ft.: 2,880 sq. ft.

THE SOLUTION

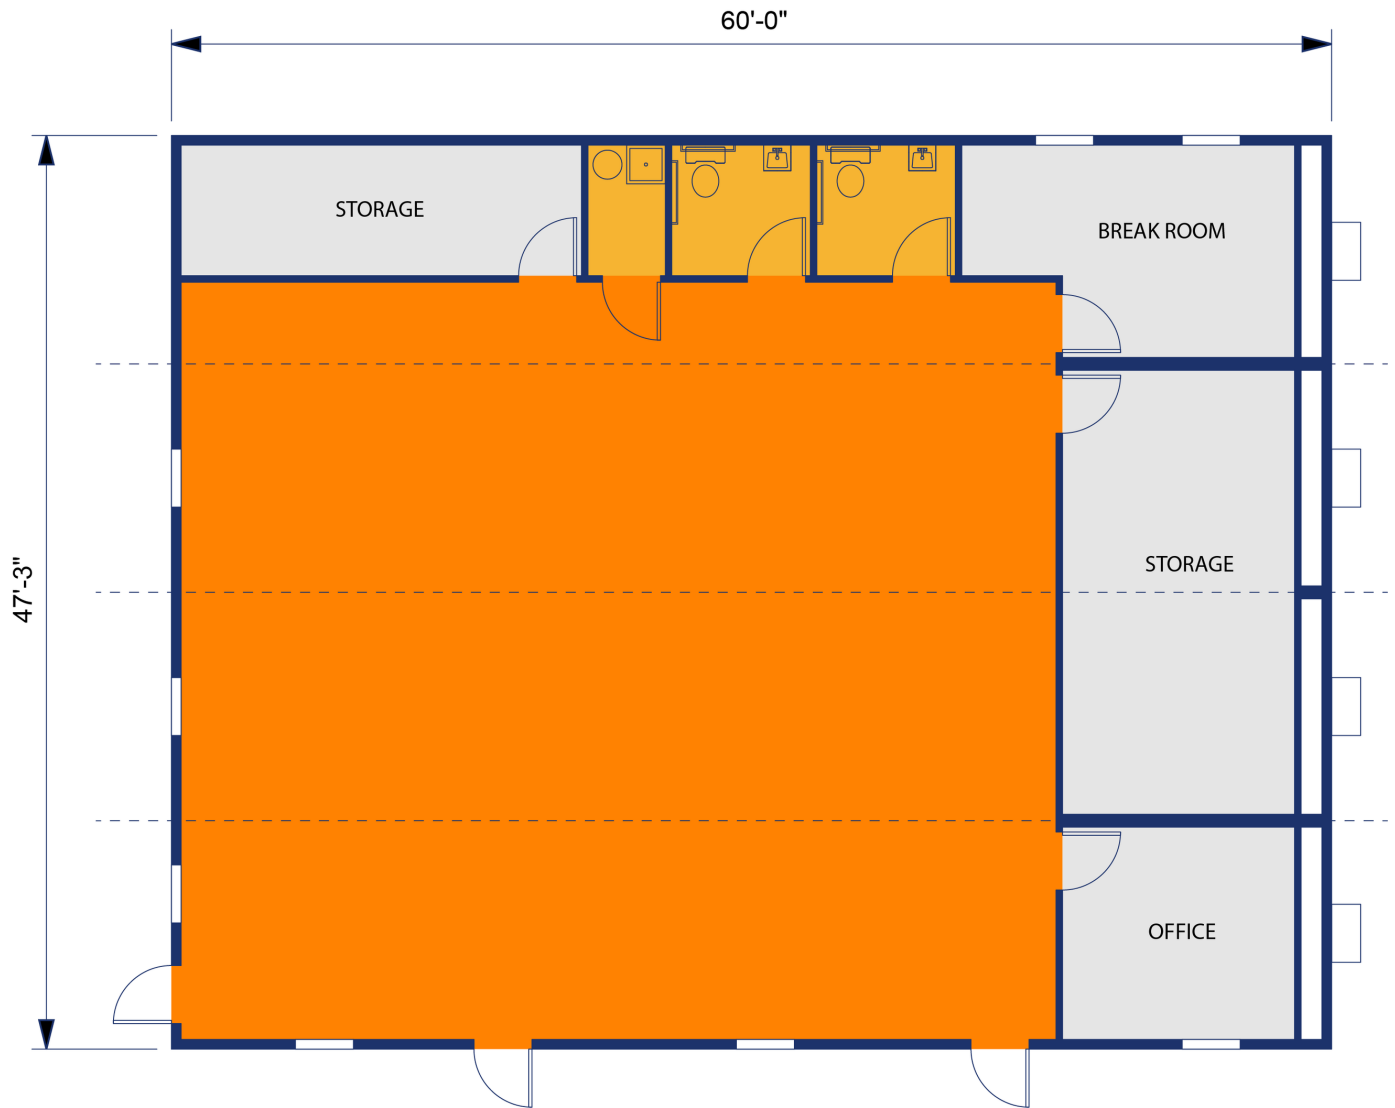

Mobile Modular was able to offer detailed specifications and valuable input on the floor plan, accompanied by a cost-effective quotation. Upon the project's award, Mobile Modular promptly initiated the production of the 48' x 60' office building at their manufacturing facility. In collaboration with Hasse Construction, we facilitated site preparation and installation of the permanent modular office building, a process that was completed in a mere four weeks.
